

Chautauqua Opportunities, Inc.'s Alzheimer's Support Program

Dementia Behaviors Workshop

Dementia can cause people to act in different and unusual ways. Some of these behaviors can be confusing and upsetting to those who care for them. Some of the most common dementia-related behaviors include agitation, restlessness, pacing, delusions and hallucinations.

Caregivers are invited to attend this free workshop to learn about strategies and techniques on how best to understand and respond to some of the most common dementia-related behaviors.

When: October 17th

Time: 3:00 pm to 4:00 pm

Where: Falconer Library

101 W. Main St

Falconer, NY 14733

Free Respite care is available if needed.

Please call:

(716) 366-3335 ext 1236

(716) 661-9430 ext 1236

Monday- Friday, 8:00 am - 4:30 pm if you are interested in attending.

This workshop is supported in part by a grant from the New York State Department of Health
